Fits Your Life

The New BlackBerry Curve 8520 Smartphone

BlackBerry Curve.

Setting Up Email

Use one of following options to set up email. Depending on the wireless service provider, the available options might vary. Before setting up the smartphone, be sure to insert and fully charge the battery.

O ROGERS

CEDGERS

1. BlackBerry[®] Personal Email option:

This option is most common for individual users. Use this email setup option to create a new email address or to associate the smartphone with one or more (up to 10) existing email addresses.

1. From the Home screen, go to **Setup**.

2. Click Email Settings.

3. Click Create.

New BlackBerry Email Address Setup
Type a user name that will become the first part of your BlackBerry email address. The user name may contain letters, numbers, underscores '_', dashes '-' and periods '.'
User name:
scottwyatt23
@blackberry.net
Close < Back Next >

12. A confirmation screen will appear when the new address has been added. Click **OK**.

 The smartphone has now been successfully associated with two email addresses. Click Close.

2. BlackBerry Enterprise Server option:

Use this email setup option to associate the smartphone with a Microsoft[®] Outlook[®] work email account, IBM[®] Lotus[®] Notes[®] work email account or Novell[®] GroupWise[®] work email account. If your system administrator has provided you with an enterprise activation password, you can set up email using this option by following steps 1-3 of the instructions for BlackBerry[®] Internet Service option, and selecting I want to use a work email account with a BlackBerry[®] Enterprise Server in the Setup Wizard.

If you do not have an enterprise activation password, contact your system administrator.

3. Add a Microsoft Outlook Web Access email address

Note: Depending on your messaging service plan, this feature might not be supported.

- On your BlackBerry[®] device, on the BlackBerry[®] Internet Service web site, on the Settings web page, click Email Accounts.
- 2. Click Add My Existing Email Account.
- 3. Click Other.
- **4.** Type your email address information. Click **Next**.
- If the BlackBerry Internet Service cannot add your email address, perform one of the following actions:

- Select the I will provide the settings to add this email account option.
- Select the Re-enter email address and password option. Type your email address and password again.

6. Click Next.

- 7. If necessary, select the Outlook Web Access option. Click Next.
- 8. If necessary, type advanced setup information for your email address. Click Next.

BlackBerry Curve.
